

# NAIS

## AI Smart Kiosks

### Just Grab-and-Go

### Key Features

Smart Kiosk is an intelligent replacement for traditional vending experiences and the first AI enabled retail solution. Shoppers will be engaged like never before with grab-and-go convenience, autonomous checkout, smart interaction and big data analysis powered by computer vision and deep learning.

#### Accuracy Rate > 99%

Unlock the retailing power of human hand delivery with active computer vision technology recognizing products selected in real time.

#### Smart Display

Customizable merchandising for any product category.

#### Easy Deployment

Deploy a fully integrated new smart cabinet or upgrade your existing cabinets or coolers with our intelligent retailing retrofit kit.

#### Payment Flexibility

Easily pay via mobile app, mobile wallets, credit card tap/swipe or QR code.

#### Intelligent Operation

Fully integrated VMS system provides real-time operational data and analytics to track inventory, schedule replenishment, analytics for business intelligence insights, merchandise and price changes all displayed centrally or on your mobile.

# SHOP & GO CONVENIENCE

Our systems are secure, accurate and fast - suitable for placement in public or captive markets. Set them as an end cap in an existing store, create a 24/7 store front or create a new stand-alone destination. Eliminate the inconvenience of bar scanning or waiting in line and unlock the benefits of NAIS Shop & Go Convenience.

-  a. Multi sensor capabilities CV
-  b. Optional Voice Assistance and Age verification
-  c. Optional Data Analytics
-  d. Optional Video advertising - show a topper screen
-  e. Central control VMS system
-  f. IOT solution

## ROUGH-IN DATA

Specifications subject to change without notice.  
Chart dimensions rounded up to the nearest 1/8" (millimeters rounded up to next whole number).

Model	Doors	Shelves	Cabinet Dimensions (inches) (mm)			HP	Voltage	Amps	NEMA Config.	Cord Length (total ft.) (total m)	Crated Weight (lbs.) (kg)
			W	D†	H						
GDM-23-HC~TSL01	1	4	27	29 <sup>7</sup> / <sub>8</sub>	78 <sup>5</sup> / <sub>8</sub>	1/3	115/60/1	5.4	5-15P	9	355
			686	759	1998	1/3	230-240/50/1	2.4	▲	2.74	161

† Depth does not include 1 1/8" (42 mm) for door handles.

▲ Plug type varies by country.

## USE CASES

Office Pantry

Gas Station

Hotel

Airport

Fitness

# Glass Door Refrigerators GDM

LED interior lighting runs the door length, for bright and even illumination of your product display.

True RCU technology helps reduce the need for pm, increasing the operating efficiency of cabinet and lifespan of the system.

Illuminated sign panel, customisable with your graphics.

“Low-E”, double pane thermal insulated glass for improved energy efficiency. Freezers, triple pane insulated glass.

Self closing door. Positive seal, torsion type closure system.

Refrigeration system maintains cabinet temperatures of 0.5°C to 3.3°C, ideal for packed food merchandising and rapid cooling of beverages. Freezers hold -23°C.

Model	Door	Shelves	Dimensions LxDxH	Net Volume Litres	EEC	EEl	Temperature Class	Annual Energy Consumption (kWh)	Amps	Voltage	Crated Weight (kg)
GDM-23	1	4	686 x 759 x 1998	493	A	9.2	M1	637	2.4	230-240V /50-60Hz/1	140
GDM-23F	1	4	686 x 759	493	C	26.8	L1	2355	3.1	230-240V /50-60Hz/1	140

All True products are covered, as standard, by a comprehensive 5 Years Parts & Labour Warranty.
